

ISR 15 International Submarine Races Team Entry Form (5.1)

This form is for entry into the Foundation for Underwater Research and Education's 15th International Submarine Races (ISR 15) to be held at the David Taylor Model Basin located at the Carderock Division of the Naval Surface Warfare Center (NSWC) in Bethesda, Maryland from June 23rd to June 28th, 2019.

There are two steps required to register your team.

- First is for the Team Advisor or Team Leader to **complete page three** of this Team Entry Form and submit it to the Foundation for Underwater Research and Education's Treasurer, with your **\$300 initial payment**. A second payment of your entry fee is due to the Foundation for Underwater Research and Education's Treasurer as described below. Payments can be made by check or by electronic wire transfer – follow directions indicated in each section below.
- Team Leaders or Advisors need to ensure that each Team contestant and visitor completes the Individual Registration process described in the "Required Forms and Actions" on the website (when made available in January 2019), within the required due dates.

A \$1,250.00 entry fee will be assessed from each submarine racing team for each submarine; **\$300.00 is due and payable with this Team Entry Form no later than November 3, 2018 and is non-refundable. The remaining \$950.00 is due by February 2, 2019.** The second payment of the entry fee may be refundable at the discretion of the FURE Directors for extenuating circumstances.

Contestants who submit the Team Entry Form with the \$300.00 entry fee on time, but fail to meet the February 2, 2019 deadline with the \$950.00 fee, will be required to pay a \$250.00 late fee no later than March 16, 2019, which results in a total payment of \$1500.00. Applications that miss the November 3, 2018 date will require a FULL PAYMENT of \$1500.00 (\$1250.00 plus \$250.00 late fee) at the time of application, but no later than March 16, 2019. No new applications will be accepted after March 16, 2019.

The ISR reserves the right to curtail registrations for the event if the number of registered submarines that have made full payments exceeds the capacity of the race facility.
